DETAILED ACTION

- Examiner has considered Amendment after Non-Final mailed 9/27/2006.
- Claims 2-9 are pending.

Allowable Subject Matter

1. Claims 2-9 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 2, prior art of record, in single or in combination, does not disclose associating the apparatus with a base station of the first network, following non-detection of collision in combination with other limitations of the claim.

Regarding claim 3, prior art of record, in single or in combination, does not disclose steps A, B, and C are repeated until first network locks onto a channel for which no collision has been detected in combination with other limitations of the claim.

Regarding claim 4, prior art of record, in single or in combination, does not disclose the change of channel request comprises an identifier of the first network in combination with other limitations of the claim.

Regarding claim 5, prior art of record, in single or in combination, does not disclose the change of channel request comprises an identifier of the apparatus in combination with other limitations of the claim.

Regarding claim 6, prior art of record, in single or in combination, does not disclose the change of channel request comprises a parameter indicating a transmission channel suggested to the first network in combination with other limitations of the claim.

Regarding claim 7, prior art of record, in single or in combination, does not disclose the change of channel request comprises a parameter indicating the number of times that the request has already been sent to the first network in combination with other limitations of the claim.

Regarding claim 8, prior art of record, in single or in combination, does not disclose before association is made from the apparatus to the first network, the apparatus knows the identity of a central controller of the first network and in that the frames transmitted on this first network comprise a field identifying the central controller in combination with other limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
